

## NEWS RELEASE

### NEW AGENCY OFFERS FULL COVERAGE MOTORCYCLE INSURANCE *Tach Agency offers lower rates, full coverage for all bike types*

**Indianapolis, Ind., September, 2007** – The owners of Classic Automobile Insurance Agency, an insurance agency offering optimal coverage for classic and collector cars, announced today the development of a new agency specializing in motorcycle and recreation vehicle insurance programs. Tach Agency will provide full coverage insurance designed specifically for the motorcycle enthusiast.

Tach Agency delivers risk-specific rating, broad coverages and discounts for all bike types including off-road ATVs, scooters, high performance bikes and custom bikes. Tach Agency offers liability only policies and liability limits up to \$100,000/\$300,000 for nearly any driving record.

“Tach Agency is a way to help independent agents offer their customers full service by providing coverage specifically designed for the bike enthusiast,” said Dan Yagodnik, president of Classic Automobile Insurance Agency and Tach Agency.

Although covering the actual bike and driver is ultimately the goal, Tach Agency’s programs also include a wide range of additional options including replacement cost, accessories, cycle safety apparel, travel loss reimbursement and trike conversions.

“We know motorcycle enthusiasts need more than just coverage for the basic bike. The program provides peace of mind for the customers’ safety and the security of their investment,” added Yagodnik.

Tach Agency can quickly, efficiently and effectively process claims with superior customer service. In fact, more than 90 percent of the claims will be concluded by Tach Agency staff adjusters, which means proper and fast claim handling for customers. Customers will receive claim payouts with no delay, with three out of four being settled within three weeks of the incident.

#### **About Classic Automobile Insurance**

Classic Automobile Insurance Agency was originated in 1992 with a focus to offer affordable, full coverage insurance for collector and classic automobiles. Now the same trusted partner for collector cars offers motorcycle coverage through Tach Agency. Both companies services customers and agents nationwide.
